## THE FOLLOWING SCHEME OF A LOTTERY, Is to raise the sum of two thousand dollars, for the purpose of repairing the buildings of

### WASHINGTON HENRY ACADEMY.

THIS Seminary was once second to none in the State, except William and Mary; and its healthiness of situation and contiguity to Richmond, renders its re-establishment an object of great importance to the citizens of that place. An hour's ride in any emergency may obtain the best medical aid, and place children immediately under the care and management of their parents.

The prizes in this Lottery are certainly not so large as to attract in any very great degree the mercenary; while they afford, from the few blanks to a prize, a fair chance for profitable returns to those who may purchase tickets. It is the promotion of an institution so valuable to society, which ought to command the liberality of the public in general, but in an eminent degree those who reside near the place, and are consequently more immediately interested. It is presumed that if the importance of reviving this Academy, was justly appreciated, the citizens of the adjacent counties would of themselves immediately purchase all the Tickets.

1 prize of	500	— 300
2 do. of	300	— 600
5 do. of	100	— 500
10 do. of	50	— 500
50 do. of	20	— 1000
390 do. of	10	— 3900
1000 do. of	7	— 7000

2,800 tickets at 5 dollars;  
not quite two blanks to } 14,000.  
a prize.

It is proposed by the above scheme, to raise 2000 dollars, by discount upon prizes alone—which, at 15 per cent, will be the sum desired.

### TICKETS

Blair—and the money received from time to time, is directed to be deposited in the treasury, for the use of the successful adventurers, or of the purchasers of such tickets respectively, if any accident should require a reimbursement. ## VALUABLE MEDICINES.

The Public are respectfully informed that LEE & CO. and the Agents of their appointment, will in future keep a constant supply of the following MEDICINES which are in high esteem and general use throughout the United States, many of them being sold cheaper than the Drugs of which they are compounded, could be purchased at a retail store.

HAMILTON'S ELIXIR;  
A sovereign remedy for Colds, obstinate Coughs, Asthma, Sore Throats, and approaching Consumption.

To Parents who may have Children afflicted with

### THE HOOPING COUGH.

This discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most violent disorder to which children are liable; the Elixir is perfectly agreeable, and the dose to faint that no difficulty arises in taking it.

Mr. Charles Myers, Hampstead Hill, near Baltimore, had been a long time dangerously indisposed, and was reduced to the lowest state of weakness, insomuch that his recovery appeared doubtful. His complaints, which seemed to be afflictions of the breast and lungs, and general debility occasioned thereby, yielded little, but rather profited under the treatment of several eminent physicians; when by the use of Hamilton's Elixir, his distressing cough was immediately alleviated, and every other symptom rapidly subsided. Four or five bottles entirely removed his complaint, restored him to an excellent state of health and strength which he has, for upwards of a year past enjoyed without intermission.

I comply with your request in stating my opinion of Hamilton's Elixir—it has been used in my family for two or three years past, with uniform success, whenever colds, coughs, or similar complaints have rendered medicine necessary—I never myself found it an excellent and valuable remedy for a sore throat, or inflammation of the breast, accompanied with fevers and obstructed and difficult breathing.

On these accounts I do not hesitate to recommend Hamilton's Elixir, as a valuable medicine, and deserving public attention.

Luther Martin,

Mr. Abijah Henry, Bridge Street, Baltimore, was cured by one bottle of Hamilton's Elixir, of a very complicated disorder, occasioned by a severe cold, caught several months ago. He breathed with the greatest difficulty, and was often driven into weakening fits when he attempted to walk any distance, and his voice would frequently fail in such a degree that he could only attempt to whisper; he has been upwards of six weeks without a return of his complaints, and desire to give his public testimony in favor of this invaluable medicine.

Mrs. Elizabeth Jones, South Howard street, was greatly relieved of an asthmatic complaint of several years standing, by the first bottle of Hamilton's Elixir; and by the use of five bottles the fits acquired a degree of ease and strength to which she had been a long stranger. She had taken balsam of honey, Church's cough drops, and other medicines, without any benefit, and sometimes so evident injury of her breathing.

HAMILTON'S GRAND RESTORATIVE,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of various complaints which result from diffused pleuritis—juvenile indistress—ridiculous rheumatism unresolvable to the constitution—the immediate use of tea—frequent intemperance, or any other destructive intemperance—the unskillful or excessive use of mercury—the disease peculiar to females at a certain period of life—by tinctures &c.

And it is proved by long and extensive experience, to be absolutely unparalleled in the cure of nervous disorders.

Violent cramps in the

Confusion.

Lowm's of Spirits

Indigestion

Impurity of blood

Hysterical Affections

Inward Weakness

Senatorial Weakness

Feverishness (or whites)

Involuntary Emotions

Obstinate Gluttony

Breast-aches

Impatience, &c. &c.

The principal operation of this remedy is in the

stomach, restoring the digestive powers, and

tending forth from the organ new health and vigor

into every part of the system; it strengthens and

restores the blood, without inflaming its vessels;

strengthens the respiratory vessels and the gen-

eral health, brings back the languid fibres to

their natural and healthy tone, and restores that

nutrition which immediate evasions have de-

stroyed, and whose loss has thrown the whole

frame into languor and debility.

The Restorative is absolutely above all recom-

mendation in removing those weaknesses and

infirmities with which many females are afflicted,

and the consequences of difficult and painful labors, or

of injudicious treatment therein.

The most obnoxious female gouts, and the most

distressing cases of fluor situs in females, fail par-
